PRESENTATION

Company presentation

ISITEC-LAB, a subsidiary of EDYNEO, is a designer, manufacturer and distributor of analytical instruments, consumables and enzymatic kits for Laboratories (food, wine, cosmetics, water, environment and soil) and for the process and pharmaceutical industry. We offer analytical solutions turnkey (equipment, consumables, enzymatic kits and aftermarket), including biochemical Analyzers, new or refurbished, from 100 to 800 tests per hour but also specific analyzers for CO₂, stability tartaric, pH ... We are involved in projects analytical laboratories or process, including using near-infrared spectroscopy AOTF: on-line, at-line, portable ... the phase of the board until the supply, implementation and monitoring technology.

ISITEC-LAB is : 3 locations, Paris, Nice and Montauban, 1 Sales force (4 people), 1 maintenance team (3 people), 1 Department reagents and consumables (2 people) and 1 team research and development (3 people).

Maintenance

ISITEC-LAB offers preventive maintenance contracts and / or curative on site or return factory. Response time is usually 1 or 2 days depending on the location and type of contract.

Maintenance material can also be done 'piecemeal' Repair / trade standards in return factory, with prices flat repair or on quotation.

HISTORY

1980 : Establishment of the Company in Trèbes near Carcassonne. The Company manufactures single console for analytical laboratories oenology.

1989-1995: Partnership with the company LISABIO (current HYCEL BIOCODE) for adaptation and distribution of sequences in oenology laboratories and laboratory analysis of soil. The company changed its name and now is ICA Instruments.

1995-2002 : ICA is redeemed by the Company LCA based in La Rochelle and becomes LCAI.

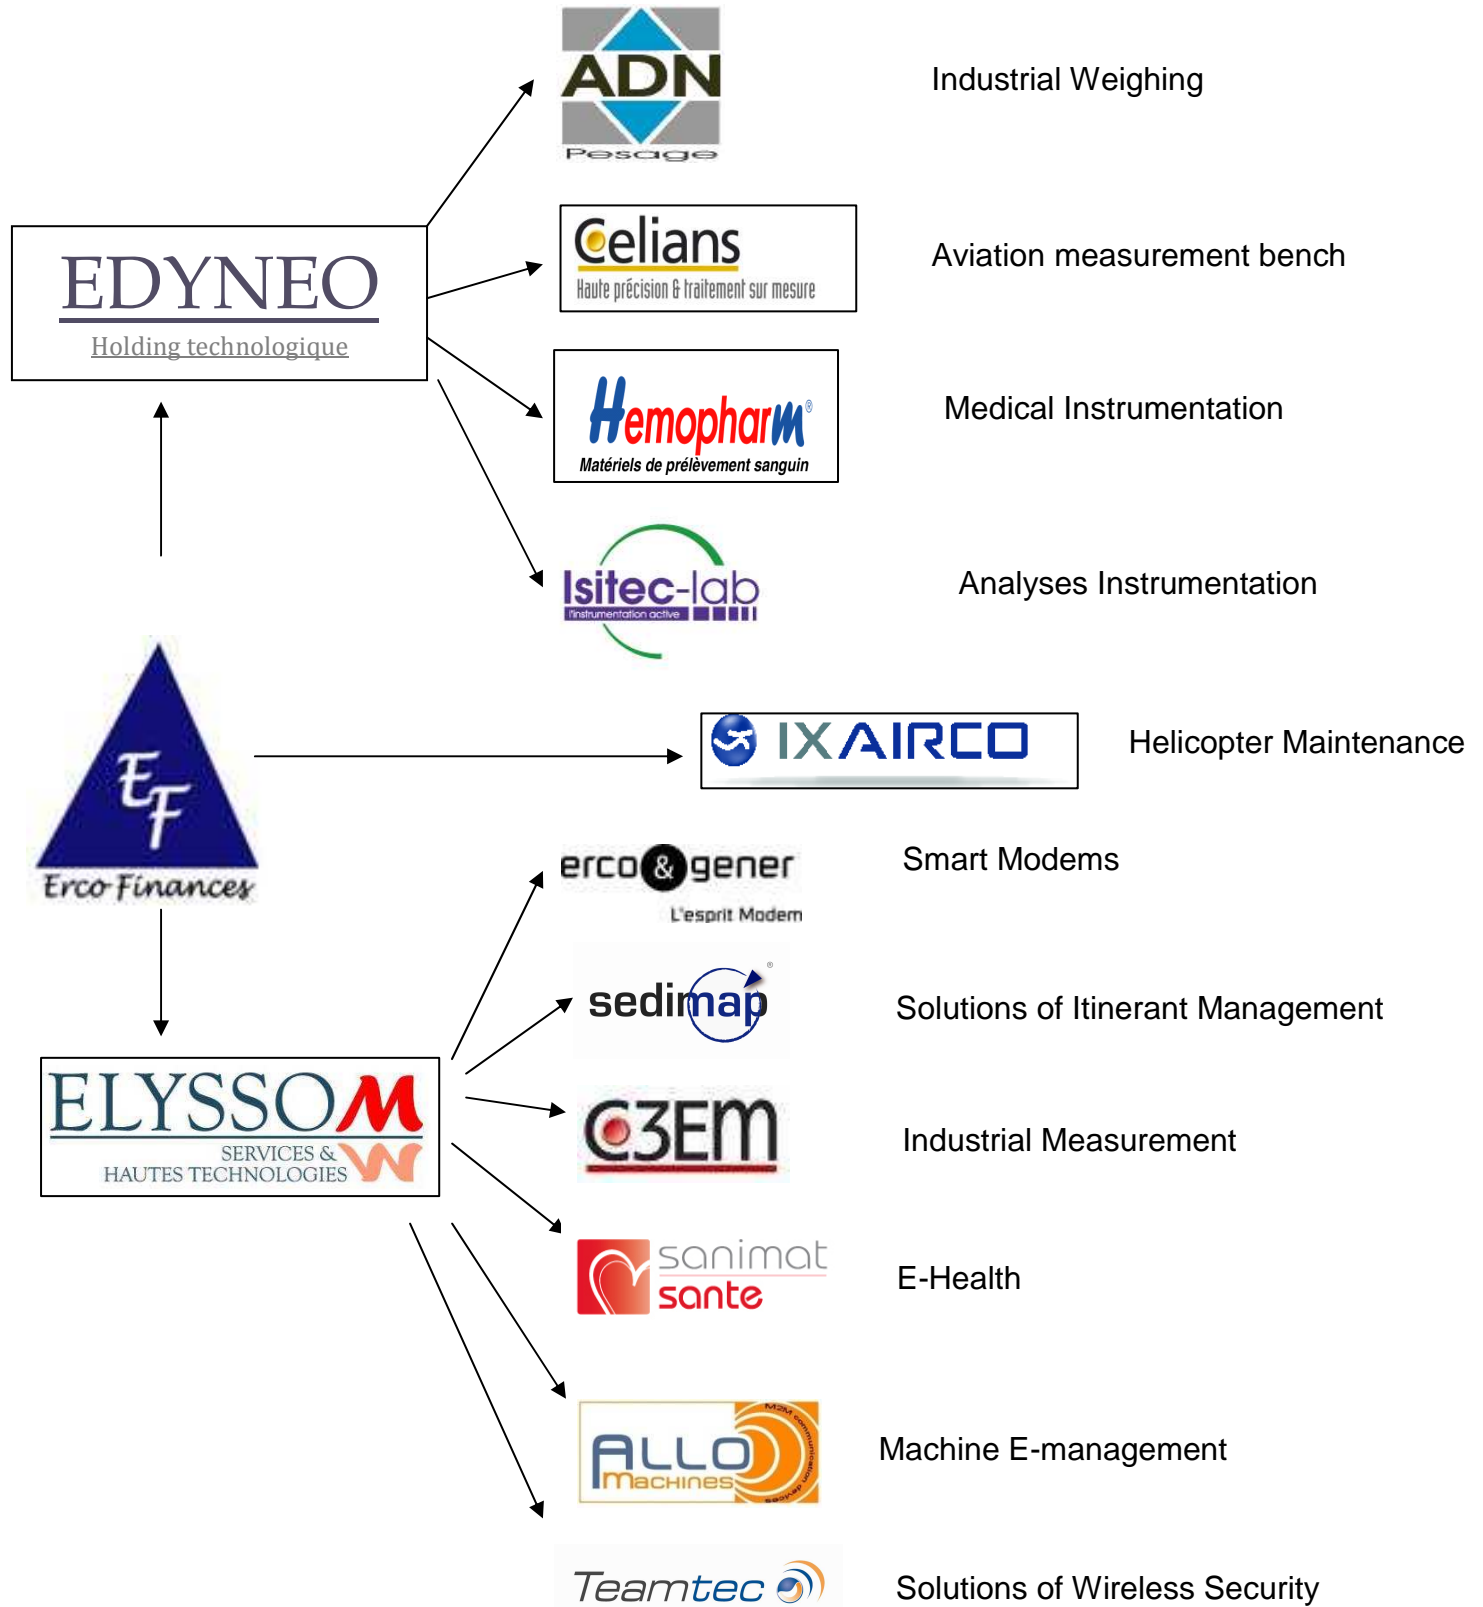

2002-2003 : LCAI in turn is sold and becomes ISITEC-LCAI.

2003 : ISITEC-LCAI is attached to the Holding SANIMAT DIFFUSION.

2005 : Set up of Seppal Company , by Thomas Ricour.

2008 : ISITEC-LCAI becomes ISITEC-LAB and merged with SEPPAL Company, to become a leader in the wine and food-processing market of analysis.

EDYNEO & ELYSSOM : Industrial Holdings

Erco-Finances Group is 150 employees with a turnover of 21 M€.
